

Fetal Bovine Serum (FBS)

HyClone; Grade: USDA, sterile-filtered, suitable for cell culture

Catalog No. 6912

Description

FBS remains a popular media supplement because it provides a wide array of functions in cell culture. FBS delivers nutrients, growth and attachment factors and protects cells from oxidative damage and apoptosis by mechanisms that are difficult to reproduce in serum-free media (SFM) systems. USA origin, sterile-filtered, suitable for cell culture.

Storage Condition

Store the solution at -20°C.

Shipping

Ice pack.
